

YOU ARE INVITED TO A SCREENING OF

GENTLY WHISPERING THE CIRCLE BACK

The documentary *Gently Whispering the Circle Back* (50 min) shares a journey of healing for all Canadians in a nation wounded by the Indian Residential School System. We become part of a 'healing circle' as participants speak of their recovery of tradition, language, ceremony, and personal dignity. It is a powerful story of human resiliency.

Gently Whispering the Circle Back was commissioned by Blue Quills First Nations College as a resource for healing & reconciliation in our communities. "(Gently Whispering the Circle Back) is a fantastic approach to bringing people together, to feeling the truth and to be inspired to move forward. It captures the pain and impacts (of the IRS) while giving so much hope for ALL members of our society." Charlene Bearhead, Education Day Coordinator for the Truth and Reconciliation Commission.
